

it makes sense that NBC would look for another hit with a shady operative toeing the line between good and evil. " The Enemy Within " probably isn't it. Jennifer Carpenter (" Dexter ") does her best to fill the James Spader role, but she hasn't been given a decent script or a snappy hat. Morris Chestnut plays her FBI " minder, " who could benefit from a few hours of anger-management training. # 9 p.m. KARE, Ch. 11 # Islands in the stream # " The Hunger Games " has nothing on livestreaming in China. " People's Republic of Desire " examines this cutthroat business through the eyes of two " hosts " whose only talent seems to be cajoling lonely viewers into sending cash in exchange for making sexual suggestions and boasting about their own popularity. Playing " Minecraft " suddenly doesn't look so mindless. # Senators grilled CEOs of seven major drug companies on Tuesday over high prescription drug prices that are a drain on Medicare and Medicaid and a burden to millions of Americans. The extraordinary public accounting was a sign that Congress and the White House are moving toward legislation this year
